

SOFTWARE DISCLOSURE FORM

	JOMO KENYATTA UNIVERSITY OF AGRICULTURE AND TECHNOLOGY		
	Document: Form		Ref No: F-III-1-2
	Title: Software Disclosure Form (SDF)		
	Issue No: 1	Revision No: 0	Date: 6-08-2021

Date received

Disclosure No.

(Assigned by DIPUIL)

Title of Software:

SOFTWARE INFORMATION

Category of software:

☐ Computer
 ☐ Mobile
 ☐ Databases
 ☐ Others

Abstract/Brief description of software: *(Give a brief description of the Software and the purpose for which it may be used.)*

Novelty:

- a) list the novel and unique features of the Software:

- b) describe the Software in detail *(Consider the commercial applications of the technology and how they might be applied to a product, process or service. Importantly, please describe what aspects of the inventions have been proven experimentally and what is shown by the data. Also describe what materials or prototypes have been created in relation to the invention. Attach any technical documents of Invention including (submitted or draft) manuscripts, posters, theses and grant applications.)*

Stage of development: Tick where appropriate

☐ Concept
 ☐ Prototype
 ☐ Pilot/Beta test
 ☐ Ready to license

Keywords: <i>(Provide at least five keywords that accurately describe the scope of the Software)</i>		
State of software documentation: Tick where appropriate <input type="checkbox"/> None <input type="checkbox"/> Partial <input type="checkbox"/> Full		
Market place for the Mobile App: Tick where appropriate <input type="checkbox"/> Apple App Store <input type="checkbox"/> Google Play <input type="checkbox"/> Microsoft Store <input type="checkbox"/> Others		
Indicate the kind of the license you plan to use for release of the Software <input type="checkbox"/> Academic <input type="checkbox"/> Evaluation <input type="checkbox"/> End User <input type="checkbox"/> Open Source <input type="checkbox"/> Commercial		
State the format in which the software will be made available <input type="checkbox"/> Source <input type="checkbox"/> Executable <input type="checkbox"/> Object <input type="checkbox"/> Others		
SOFTWARE DEVELOPMENT		
History of the Software		
Event	Date	Comment
When was it first conceived?		
When was it first created?		
When was it first published?		
Third Party Code and Materials		
Provide a list of all third-party code or Materials embedded in, accessed by, or otherwise used in the Software along with all associated license, consulting, or use restriction agreements. Please include all open source, public domain, library, and other executable or source code: 1. 2.		
Name of third-party Code or Material	Webpage to Download, if any	License Agreement (link, if any)
Disclosures, Publications and Verbal/Oral Presentations (Past or Future)		
List disclosures, publications, or disseminations of any aspect of the Software.		
Description/Type	Date (or Expected Date)	Comments

Prior Art: State publications, patents, systems or any disclosure that you are aware of that are similar to the disclosed Software.
